## Certificate about peer review activity

Dear **Ali Abbas Hashim**,

Hereby, we would like to thank and testify that you have reviewed the manuscript below. The upload of the review has been successful.

Thank you for helping to ensure with your work that only papers of high professional standards are published in the journal. In case we need further help, we will contact you.

### DETAILS OF THE RECEIVED REVIEW:

Title of the reviewed manuscript : **Thermal study on the blades to improve the performance of gas turbines**

Deadline of the peer review activity : **2024-02-23**

Date of the peer review activity : **2024-02-03**

Journal title : **Progress in Agricultural Engineering Sciences**

**How can this peer review activity be recorded publicly?**

You can save it under your Web of Science and/or ORCID identifier.

Your only task is to make a copy of this peer review certificate in a pdf format with the help of the Print button below, and send it to the following e-mail address: [reviews@webofscience.com](mailto:reviews@webofscience.com). In a few days, it will be added to your Web of Science account, from where it will be transferred to your ORCID identifier as well in case you have enabled the synchronization of the accounts. More details and information about the linking of your accounts can be found [HERE](#).
